Fearfully and Wonderfully - By Pastor Solomon

We live in a world that considers how we 'look' to be everything and has a fix for everything that does not fit the worldly norm. The cosmetics industry, medical innovations, inventions, and the 'fitness' philosophy dominate our media. One of the popular compliments that people would say when they meet you after a long time is about how we look. I have also heard some people decide not to have an open casket because they do not want people to gawk at them and make comments about how they look in their lifeless body. We know how the funeral business has capitalized on this very matter. As much as this dominates the way we live, it only goes to prove that we are broken people and are in search of securing our identity.

Have you realized that only when something goes wrong with our body, do we realize the amazing way in which we have been created? When we visit the medical practitioner and they take the time to explain as to what they think has gone wrong with models, diagrams, or pictures, we learn or partially understand the intricacies of creation. The complexity and the design of how our body works is still being discovered through research and will never end. This only proves that there is an intelligent designer of the universe and our body.

The psalmist says in Psalm 139:13-14, ¹³“For you created my inmost being; you knit me together in my mother’s womb. ¹⁴“I praise you because I am fearfully and wonderfully made; your works are wonderful, I know that full well.” By knowing and accepting this fact that we are created fearfully and wonderfully we can secure our identity and live in freedom. This is not easy while facing the pressure put on us by the media and those around us. We need to constantly remind ourselves of this truth and live it daily. The psalmist praises God by acknowledging this truth. At the same time, we should not only focus on the external appearance but more importantly on the way we have been created with the ability to think and act. This is a marvel of creation. No wonder the Lord says, people look on the outside, but the Lord looks on the inside (paraphrased I Samuel 16:7).

Dear TGC family, whatever broken situation we may be experiencing, we can rest on this tremendous truth and praise our creator who created us amazingly for He sees what really matters, that is who we are on the inside.
